

PETITION

We the undersigned residents of communities neighboring the City of Aurora, Illinois **petition the Aurora City Council** to lead the way in our state, protecting our children and supporting the rights of parents by passing the **Parental Notification of Medical Procedures Ordinance**. We further petition the municipal governments of our various cities, towns and villages to follow Aurora's lead by passing **non-binding resolutions** calling upon Attorney General Lisa Madigan, Federal Judge David Coar and the General Assembly to finally enforce the **Illinois Parental Notification Law**, which has been stalled for the past twelve years.
